## A MESSAGE FROM THE PRESIDENT

Greetings from the National Academies of Practice (NAP)!

We are an alliance of health care professionals who collaborate to transform health and well-being through teamwork, integrated care, and interprofessional collaboration in practice and education.

Our profession-based academies, combined with a focus on interprofessional collaboration in education, practice and policy, allows us to understand the unique expertise their profession brings to person-centered collaborative health care teams. We take great pride in the phrase “17 perspectives with one strong voice” to communicate our impact on persons, communities and the health care system.

The National Academies of Practice 2027 Annual Meeting & Forum will take place on March 4-6 in Washington DC with the timely theme of Reimagining Connections in a Digital Landscape: Advancing Interprofessional Practice and Advocacy. The 2027 NAP Forum will feature peer-reviewed professional development workshops, symposia, panel discussions, and poster sessions as well as in-person advocacy at the Capitol and community service activities by our members.

It's an exciting time for NAP, we are continually growing and evolving to bring more voices to our work. Recent new academies include Public Health (2025), Nutrition and Dietetics (2024), Respiratory Care (2023) and Athletic Training (2022). The last three years have seen the largest and best attended NAP Forums in our history. We are also engaged in strategic planning to guide our shared efforts moving forward!

Please plan on joining us as a sponsor for the NAP Annual Meeting & Forum, where you can partner with us and our members to co-create an outstanding attendee experience. Our sponsorship levels offer flexibility, allowing you to choose the level of support that works best for your organization.

Thank you for your consideration of this opportunity to help us transform interprofessional healthcare. I look forward to seeing you in DC!

Sincerely,
