

THE 10 MOST CRITICAL QUESTIONS IN CREATING YOUR COLLABORATIVE HEALTHCARE TEAM

GOALS

“OPTIMAL HEALTH TAKES A VILLAGE...

FINDING, SELECTING AND CONNECTING WITH A COLLABORATIVE
HEALTHCARE TEAM TO IMPROVE MY HEALTH AND WELLNESS”

- 1** Who is on my healthcare team?
- 2** What are the roles and responsibilities of each team member?
- 3** What should I expect for my care with a team that is different from seeing each provider separately?
- 4** Can you give me an example of how this team is providing quality care to other patients?
- 5** With a team, who is my point of contact when I have a problem?
- 6** How will the team collaborate and communicate about my care needs?
- 7** What is my role, and my family/caregiver(s) role, in the team when making decisions about my care?
- 8** Will I be charged more for care provided by a team than each provider individually?
- 9** Could I have one appointment where my team took care of me together rather than many different appointments throughout the week/month?
- 10** What should I do if I have questions or concerns about my care?
